**L'INTENSITÉ
AU NATUREL**

Thursday 18th of September 2025

Sunny. The sun is radiant from morning to evening. Weak wind Southwest.

Min temperatures in plains and valleys: 10/12°C

Max temperatures in plains and valleys: 26/29°C

Iso 0°C: 4600m

Water temperature – Lake Geneva: 20°C

Friday 19th of September 2025

Good weather. The conditions remain fully sunny throughout the day. Weak wind Southwest.

Min temperatures in plains and valleys: 12/14°C

Max temperatures in plains and valleys: 27/30°C

Iso 0°C: 4600m

Water temperature – Lake Geneva: 20°C

Saturday 20th of September 2025

Beautiful day. A few high clouds pass through our sky, but the sun remains very generous. The heat is remarkable for the period. Moderate wind South.

Min temperatures in plains and valleys: 13/15°C

Max temperatures in plains and valleys: 28/31°C

Iso 0°C: 4400m

Water temperature – Lake Geneva: 20°C

Sunday 21st of September 2025

Degradation. The morning is indeed sunny, but some cloud banks are already circulating. In the afternoon, the sky is charging much more frankly, on the sidelines of a stormy pluvial front. The latter crosses our massifs from West to East in the evening. Moderate wind Southwest.

Min temperatures in plains and valleys: 12/15°C

Max temperatures in plains and valleys: 24/27°C

Iso 0°C: 4000m

Water temperature – Lake Geneva: 20°C

Trends from Monday 22nd to Wednesday 24th of September

Showers. Cooler.
