

Can you make the good sorting?

Connect each waste to the good place to throw them.

A bottle of shampoo

A drum of washing powder

Remainders of food

A bottle of sunflower oil

A newspaper

A pot of jam

A can

A broken glass

A plastic yoghurt pot

A brick of fruit juice

A plastic bag

A bottle of mineral water

Recycling:

- Packaging: plastic, metal
- Cardboard, paper, magazine

Glass bin

Dustbin

- A pot of jam > Glass bin
- A plastic bag > With the dustbin (we cannot recycle it)
- Remainders of food > With the dustbin (or at the bottom of the garden in a corner arranged to make compost)
- A broken glass > With the dustbin
- A bottle of mineral water > Recycling

- A can > Recycling
- A newspaper > Recycling
- A bottle of shampoo > Recycling
- A plastic yoghurt pot > With the dustbin (that plastic packing cannot be recycled)

- A bottle of sunflower oil > To the dustbin (even if it's a plastic bottle, it's thus sold cannot be recycled)
- A drum of washing powder > Recycling
- A brick of fruit juice > Recycling
